Better

These workshops are offered telephonically. The toolkit can be sent directly to participants at **no cost** and includes all learning materials necessary. Six weekly meetings with a trained Live Well leader enhances the experience and can help to alleviate social isolation especially during the COVID-19 pandemic.

Participants must be willing to share their name, address and phone number so the toolkit can be mailed directly to them and the leader can place the weekly call.

Telephonic: Calls are approximately one hour in length and take place conference-call style to 4 -6 participants.

Energize

Participants will learn about a variety of tools to manage their conditions including:

Healthy Eating – Exercise – Goal Setting
